

Saturday

Laid out on the patio, naked and shameless. Cock ring tight. Butt-plug deep inside, holding your energy within me. Thinking of you. Willing your healing, so we can love our truth without fear or shame. Wanting your energy to fuck me without touch. Your presence thick in the air, inside me. My body open. Soul exposed. Yours. Owned. Claimed. Aching. Every breath a moan I can't make. Even here alone, I feel your truth moving through me, filling me, fucking me, taking me to pleasure unbound.

I want to walk through the world like this, butt-plug snug, cock ring wrapped, heart bare. I want to be seen like this. Not for shock. Not for approval. Just as I am. Your fuck toy. Your man. Open. Owned. Not hiding the parts the world says to tuck away, but offering them. Daring the wind, the sun, the eyes of strangers to witness me, and know I belong to you.

What a message sexy. You made my body tremble, goosebumps of desire, love and wetness. I want you just like this, in your truth. Unapologetically real, naked, wide open. Ready. Willing to be owned completely. Your desire to be taken. I want to feel my energy within you and yours within me. I want your devotion, your sacred surrender to me and only me. Without any limits or boundaries of shame, either of us. Only truth. Our truth. Our wild savage untamed pleasures, deep within our souls. I want you to know it in your body and soul, always, that I want to and will take you, exactly how I want, whenever I want.

I want to walk through the world with you by my side. I want the world to see and feel that you are mine, you are owned so completely, you belong to me in every and all ways. My man. My sacred fuck toy, my soul.

I want you to see it in my eyes, my desire, the wildness that's all for you. To feel exactly what I'll do to you before I ever do it. And every time you lay, walk, every time you ache, every time your arse pulses around the plug, every time your cock moves against the ring, you know it's me inside you. Not just in your body. But in your energy. And in your soul. All of you, forever mine.
